MISPLACED CREDIT—R. H. Green, who has returned from a trip to the east, during which time he visited Peoria, Illinois, stated yesterday that the highest given Arizona in the Peoria star was not to be placed as much to his credit as to that of Charles J. McElroy, who is ever on the outlook to give Arizona a good turn. Green enjoyed his trip through the east, but was rather glad to look the desert in the face again, and interview the valley with its green fields and fat herds.

Tavener Music Co. Gets Edison Agency

After months of negotiating and considerable expense, the Tavener Music company, 209 West Washington street, is pleased to announce that they have secured the exclusive agency for the full line of Edison records in this city.

The announcement will come as a pleasant surprise to the hosts of Edison enthusiasts in Phoenix and the valley. The Edison line is conceded to be one of the leaders among nationally advertised products. It needs no apology, and its merits prove to be its best advertising.

One of the features of the new agency will be the weekly concert to be given. The concerts will be free, and will consist of all that is up to date in both classical and popular music.
Another departure which will cause considerable comment will be the fact that the Edison company has contracted to send one of the best known artists in the country here this winter to give an exhibition of the "voice test." That is, the artists will sing first, then turn on the Edison machine, proving to the audience that it is practically impossible to tell the difference.
The public is invited at any time to visit the parlors of the Tavener company, where the motto will be to oblige everyone and anyone, desirous of hearing Edison records. 1t
